- Principals Update:
 - At the end of last school year there was a proficiency level of 68% in reading according to acadience. 62% of students showed growth. In order to work on this PLC's and Faculty meetings will be focused on ways to

bridge this gap. Walk to Read will be working on blending as well as mimicking acadience when testing to stick closer to acadience. They will also only be using real words with ML's from 2nd grade and up. This is to help them better with reading.

- At the end of last year in Walk to Read groups there were:
 - 13 - 1st Grade, 37 - 2nd Grade, 21 - 3rd Grade, 14 - 4th Grade, 12 - 5th Grade, 0 - 6th Grade
- Starting this year we have in Walk to Read groups we have:
 - 40/102 - 1st Grade, 10/92 - 2nd Grade, 38/114 - 3rd Grade, 34/138 - 4th Grade, 33/279 - 5th Grade and 6th Grade
- It was suggested that our new target is based on Proficiency instead of Growth.
- It was highlighted that a portion of TSSA budget will go towards subs in order for teachers to attend PLC's. Principle Adams also explained that we will find out soon whether we will be in TSI soon for some of the students in our school.
- Other:
 - Safety was talked about with students and parents crossing roads outside school. Amy will reach out to try and get some help with safety. The PTC is also focusing on one safety aspect a month with the students.
