It was asked what would be done on 7800 S with students being able to cross safely. It was asked if students over there could bus instead. It was brought up about dogs pooping on the field. It was potentially mentioned to get more lights on 8200 S. Josh Sullivan will follow up with these concerns

- Review SCC Budget & current year plan

Next year, Principal Adams is proposing to use leftover TSSA budget to pay for an extra teacher in 5th Grade to reduce class sizes. It is also proposed to use TSSA to supplement the BTS teacher as well as fund our Instructional Coach. We are projected to carry over almost \$80,000 from TSSA budget and can only carry over \$13,000 from LandTrust. Our goal for this year was increased proficiency. We are doing that through ELL support and Walk to Read Aides

Before the next meeting it was suggested for everyone to review the current LandTrust Plan and data.
